DOTHAN, ALABAMA, MONDAY EVENING, FEBRUARY 27, 1911

NUMBER 144

USED REAL GUN IN WILD WEST SHOW

YOUNG BOY KILLS PLAYMATE WHILE PLAYING COWBOY AND INDIAN

Philadelphia, Pa., Feb. 26.—John Kelly, aged 15 years, was shot and instantly killed today by James Engle, aged 10 years, while playing cowboy and Indian with a number of other boys on a lot near their homes in West Philadelphia.

The boys have been accustomed to meet on a lot every Sunday and reproduce Wild West shows. On previous occasions, they have been contented with rope lassos and cap pistols, but last night, two of the older boys purchased a small rifle and brought it to the lot today. Young Engle, armed with this weapon, was being pursued by John Kelly, with a lasso, when, according to witnesses, Engle, without looking, turned and shot Kelly full with a bullet through his heart.

DRUNK MAN ATTEMPTS SUICIDE

A white man giving his name as Newsome was arrested late Saturday afternoon and placed in jail after he had created a little disturbance at the Coast Line depot and ended the affray by attempting to take his life. Newsome went into the depot and cut several packages open and then went to the passenger department and caused some trouble. He attempted to pick up his hat from the floor but being too drunk to do so, took out his knife and stabbed himself in the neck. The wound will not prove serious. He was arrested by an officer and brought to the city jail.

MABEL PAIGE COMPANY HERE

The Mabel Paige Company which will be at the Elite tonight and tomorrow night arrived in the city yesterday afternoon and are meeting old friends and acquaintances in Dothan. The play tonight will be "A Bachelor's Honeymoon" and on tomorrow night they will present "The Game." Both of these are strong plays, and with the excellent backing Miss Paige now has, will no doubt please the large audiences that are expected to greet her on both nights.

LEVIED ON TOMBSTONE

Anniston, Ala., Feb. 25.—A special from Rome states that the tombstone of a prominent deceased Roman has just been plastered with papers as the result of a litigation over a sum of \$152, said to be a marble worker by certain heirs of the deceased. This is said to be the first process of the kind in the United States. It is said that the deputy who plastered the papers was despatched to the graveyard Thursday night, but he got "cold feet" and waited until Friday morning to do the job.

MRS. V. L. BRIGMAN.

Mrs. Levinia Brigman died yesterday afternoon at her home on North Alice street after a spell of illness last lasting several weeks.

She was the wife of V. L. Brigman of the Brigman Furniture Company, and besides her husband she is survived by two small children. The family have only been living in Dothan for a few weeks, they came here from Fitzgerald, where the body was taken this morning for interment in the family burial grounds. The family have the sympathy of many friends and acquaintances in Dothan and the sad death is a general source of regret.

If your mother-in-law has died, cap the climax of enjoyment by coming out and laughing at Ed Lawrence as "Benny Bachelor" in "A Bachelor's Honeymoon" tonight at the Elite.

A. A. Acree, who came to Sheffield to accept a position on the staff of The Standard, finding that his health would not permit of active work, has returned to his home in Dothan. In the event of Mr. Acree's inability to resume his duties later on, The Standard has another capable man in view, who will be employed to take Mr. Acree's place.—Sheffield Standard.

TREASURER McCARTY MAKES STATEMENT

In answer to an article signed by "Tax Payer," who wants to know what the former judge of probate and the present treasurer has done with the county's money, I beg to hand him the following statement of facts.

He wants to know why no report was made. A report has been made and published, as required by law. "Tax Payer" should read the papers.

As to there being several thousand dollars on hand which I will not pay out, that is incorrect. There is a small amount in the hands of the treasurer, but the law requires him to keep a sufficient fund on hand to pay interest on bonds, and pay the jurors.

Since the good road work has begun in this county, there have been \$22,335.44 spent on them, which was not spent previously.

The Henry county law suit, and debt, cost this county \$8,750.00. This has not been paid out of the county funds previously.

Work on the county jail amounted to \$5,948.81. This was not an amount the tax payers previously paid.

The Dothan guards were paid \$300 last year, which amount was not previously paid.

These amounts total \$35,234.24.

It is not the business of the county treasurer to pay out the county's funds except as authorized by law.

All the money the treasurer has paid out was authorized, and the vouchers are on file for inspection, and a statement of the transaction were published, as required by law.

If "Tax Payer" doesn't read the papers, it is not concern of mine.

The judge of probate has nothing to do with the fund, except to draw the warrants when the county commissioners authorize them.

The state examiner is here now, checking the former probate judge's accounts, and at the request of the former probate judge. When the examination is made, my books will be examined. His report is for the public and every tax payer has a right to know where the money goes.

My report showed all of the information that "Tax Payer" asked for.

Any reasonable man can see that during a comparatively short period of time that over \$35,000 of the county's funds have been paid out for items not previously authorized.

That is why the treasury is depleted at the present time. I had nothing to do with it, but merely acted in my official capacity.

J. R. McCARTY,
County Treasurer.

NEW CENTURY CLUB.

Mrs. W. R. Chapman will entertain the New Century Club Tuesday afternoon at three o'clock, at her home on Troy street.

Mr. and Mrs. J. R. Dawsey, of Pansey, returned home this morning after a short visit to Mr. and Mrs. K. P. Holland. Mr. and Mrs. Dawsey were married last week in Blakely, which was the home of the bride, who was Mrs. Cobb prior to the marriage.

The spotlight effects used by the Mabel Paige Company in "A Bachelor's Honeymoon," which will be shown at the Elite tonight are something new and are quite pretty.

Jim Pale went to Bainbridge this morning.

J. R. Keyton went to Slocomb this morning.

I. W. Culpepper, of Hartford, was in town today.

R. P. Coleman made a business trip to Webb today.

J. E. McCants, of Hartford, spent this morning in Dothan.

Measrs. J. D. and J. J. Flowers went to Jakin this morning.

K. P. Strickland, of Hartford, was in Dothan a few hours this morning on business.

That plea for forgiveness which Juno Joyce puts up to Benny's aunt is a revelation for Gretna Greeners. Come out fellows, and get on.

INTERESTING WEIGHING DEVICE IS PATENTED

Garnett J. Dye, a nineteen year old boy in the employment of the Western Railroad and a resident of Atlanta, has invented an improved register for weighing scales.

The young inventor was in 1909 employed by the Read Phosphate Co. of Nashville, Tenn., as a weight man whose duty it was to check each load of goods transferred from the house to the car and weighed over a pair of scales.

This was a tiresome job, and very load in extremely cold winter. So he began to fix a way to dodge the cold.

He began to work on an instrument to assist him in his work.

He made a crude register which had small holes in a piece of paper over which load passed over the scales. This is where Mr. Dye began to study on the present register.

The present papers were signed in Moreton, Ala., while he resided there. His first application was filed June 18, 1910, and patented Aug. 14, 1911. Patent No. 847,362.

Among the principal objects which the present invention has in view are to provide a registering mechanism attached to the beam of a scale for producing a permanent and transient record indicative of the operation of the scale, to provide for the said mechanism and for the permanent record thereof, to provide connecting means for the register with the scale beam, flexible in character and to accommodate the irregular movements of the beam, and to provide mechanism simple in character and efficient and durable in construction.

The young man is the son of Mr. and Mrs. J. J. Dye, formerly of this city and well known here. His father was formerly manager of the young inventor attended the Dothan City schools while they lived here.

Col. W. L. Lee, of Columbia, is in town today.

John Culpepper, of Hartford, was here yesterday.

J. S. Rodney, of Ashford, was a than visitor today.

A. L. Kelly, of Slocomb, was in town today on business.

D. W. Hedges of route 7 was in town today on business.

SENATOR FRAZIER RESENTS EDITORIAL

ENGAGES IN PERSONAL DIFFICULTY WITH EDITOR OF UNION SPRINGS BREEZE

Union Springs, Ala., Feb. 26.—Senator Tom S. Frazier and Associate Editor Pliny Smith, engaged in a personal difficulty Saturday morning shortly after the arrival of the Montgomery train on which Senator Frazier returned to Union Springs.

The difficulty was the outcome of an editorial strongly denouncing Senator Frazier for the explanation of his vote on the Parks local option bill in the senate. The Breeze is an enthusiastic newspaper in its editorial columns in the support of prohibition. It found grounds for a bitter criticism of Senator Frazier because of his explanation of his vote when the question of local option was up.

Friends of Senator Frazier showed him a copy of the Breeze containing the attack upon his official course. As soon as Senator Frazier encountered Pliny Smith, Associate Editor of the Breeze, a difficulty was started. Several blows were struck, but no serious damage was done either combatant.

Pliny Smith is a son of Editor A. P. Smith, of Union Springs.

The inventor says a man makes many mistakes and that it is impossible for him to keep his mind entirely on the work. But a machine, he says, very seldom fails.

The young man is the son of Mr. and Mrs. J. J. Dye, formerly of this city and well known here. His father was formerly manager of the young inventor attended the Dothan City schools while they lived here.

Col. W. L. Lee, of Columbia, is in town today.

John Culpepper, of Hartford, was here yesterday.

J. S. Rodney, of Ashford, was a than visitor today.

A. L. Kelly, of Slocomb, was in town today on business.

D. W. Hedges of route 7 was in town today on business.

MABEL PAIGE, THE BABY

As she appeared in her first season on the stage, over twenty years ago. At this time she played at the old Pitcher Opera House, which has in later years been supplanted by the pretty Pitcher buildings. Miss Paige will star in "A Bachelor's Honeymoon" at the Elite Theatre tonight.

NURSING AS A CAREER FREE TRAINING PROVIDED

DAY LETTER RATE

Manager Hubert of the Western Union has been instructed by the most inviting fields of human company that a day letter rate will service and that its financial return go into effect on the first of March. The rate for day letter messages will surpass any other occupation open to young women. It develops all the be one and one-half times the night.

native graces of womanhood and leads the way to positions of trust and influence. The demand for 50c, and the day letter rate is one

and one-half times that, or 90c. more nurses is a world wide call, with 15c for each additional ten

The Philadelphia School for Nurses, located in Philadelphia, Pa., has words. This will prove a great benefit to undertaken to meet this demand by offering free scholarships to young women in all parts of the country, but the messages must be written in plain English. Codes will not be accepted at this rate.

The Philadelphia School for Nurses is a benevolent institution conducted without hope of gain or profit in the interest of ambitious young women. Readers of this paper can get full information by writing the school at once.

Good roller top desk for sale. Apply to Smith's Drug Store.

H. H. Brown has returned from a visit to Gainesville.

THE WEATHER

Unsettled weather probably rain tonight or Tuesday, colder tonight.

RUN DOWN WHILE ON A HANDCAR

Mobile, Ala., Feb. 26.—Frank Scales, telegraph operator for the Mobile and Ohio Railroad, was killed at Wadster by the outboard train, which was running three hours late. It was reported that Scales was on a hand car a short way from the depot and was run down by the train. The accident occurred at 11 o'clock today.

O'Neal shows in appointing the committee in selecting wives that will him. Nat Goodwin should hire a divorce lawyer to take his case by the year.

It is said that travel is so cheap that one can travel all the year round on \$2,000 a year. In that case the United States ought to travel some of the congressmen.

It is said that George Manley put out a book, the title of the book, since the author has lost his money might be How to Lose a King dom, but Still In the Money.

Probably a man can acquire the reputation as a public bore and a public drunkard quicker than he can get together any other two kinds of reputations, if he starts about 1 right.

There will be people who consider the cold weather over with, and who will go right ahead planting corn and when they have finished, with turn back and plant cotton. When that regulation bill passes

the legislature, as it evidently will this week, it may be in such a shape that few people will tackle it to make a living selling whiskey. It is too good to afford much profits in the whiskey business.

If there is one public question the people know less about than an other, and yet one that we will be confronted with some time in the future, it is the parcel post. You hear something said about it often and you hear some opposing it, and some wanting it. The merchants think that it will do away with their business, but there are others who think that it will be one of the best things the country ever had.

GOOD ROADS

The man who at one time was

against good roads for the reason

that he felt that they were for the

good of automobile owners alone,

has changed his mind about it. He

has found out that his team can pull

to market three times as much at a

load as it could over the old roads.

When practical tests are made the people favor good roads, so it will be, but a few years when one can travel all over Alabama on good roads, as good as the graded streets of any of the towns and cities.

Good roads shorten distances and enhances farm values wherever they go.

It is only a wonder that we didn't

open our eyes to the needs of good roads several years ago.

When we come to the point where we can work our county convicts on the country roads, we will have stepped up another step in the right direction.

THE WAR TUNE

Hobson is one of Alabama's big gest men. He is a no local character, but if he doesn't hold his system of that war talk he is continually breaking out with, the people will return to him. The United States is not interested in war. We are a busy people, and had rather read of Carnegie's peace talk than anybody's war cry.

There will come a time in the history of the nation when fighting will be done only when it is necessary. The big quarrels will be settled by those who bring them on, or by some one who knows how to adjust trouble between a scrappy pair.

There is but little need of war, no more need of war than there is of other cheap scraps between individuals, which can be settled without a fight, if an effort is made.

Two companies of state militia can go over into Mexico and put down that insurrection in a week. That war will die of its own weight as soon as the hot weather begins and the moving pictures people become disgusted.

MONTGOMERY ROW

Birmingham has almost forgotten the quarrel with Mobile since some sensational city politics have arisen. That town is to start off with a constitutional form of government and they are to be appointed, but there is a strong sentiment in that one of the men suggested. They will be willing for Governor O'Neal to appoint some one else, but they don't want Mr. Jones, whom they think is too close to the old administration.

Mayor Exum is quoted as telling that he is not in a position to say who should be city of if we want to have a man in but it seems that he is not in

telling to let him off the committee he was recently elected to

people for mayor.

There is another who is

called a bore on the committee to start off with, but it is

The people should be

very much interested in

what he will do we expect from

the soon.

We will not call it

I am not ready will they

build?

There is no way to put a tax on a

saloon that would turn half the

people into the county that dispensary

and

there is less temptation for whiskey

drinking among the population

than in the dispensary than in the saloon.

Put this is somewhat in advance

At this writing it looks doubtful if

the election can be called.

The calling of an election means

that whiskey will carry in some

form. If there can be found forty

five per cent who are willing to sign

the petition for whiskey then it will

be no trouble to find the other six

per cent who would vote for whiskey,

but who wouldn't put their names

down on a petition. So if the election is called, that means that whiskey will carry in Houston County.

If the election is called, then we

are to decide as between saloons or

dispensaries.

We expect to vote against whiskey

straight. Then as a second shot

in deciding between the dispensary

and the saloon, we think that the dispensary is the least of the two evils.

We are selfish enough then should

the county say that it wants to let

whiskey be sold, to select the dispensary

instead of the saloon, for the

reason that there will be more funds

coming into the hands of the people

who live in this county.

If we have a dispensary, and one

third of the profits go on the good

roads, we will have a sufficient fund

to make on it.

Manager Morris of the Criterion

left there for us, and it

will be delivered back at

these places.

DOTHAN STEAM LAUNDRY

Women have no monopoly on curiosity, as you can find out by keeping a secret from a man after he gets a dark hint.

Among the various installment enterprises, you may have observed that some men go broke that way, while others keep broke by the same process.

Some men don't know because they are too busy to hunt anything but the sunny side of the crowd, or the shady side, according to the condition of the weather.

A SPLENDID TONIC

Cora, Ky. — Mrs. Eva Moore, of this place says, "I was so weak I could hardly walk. I tried Cardal, and was greatly relieved. It is a splendid tonic. I have recommended Cardal to many friends, who tried it with good results." Testimony like this comes unbroken, from thousands of expectant women, who have been helped by the timely use of this special medicine, Cardal. Price, vegetable, mild, yet reliable. Cardal well merits its high place in the esteem of those who have tried it to relieve women's pains, and strengthen weak women. It is easily worth a trial. Your druggist has Cardal.

—

Lost — Hog, black female, missing, strayed from place last week. Reward for knowledge of him.

E. H. Rogers.

Success and

Clothes

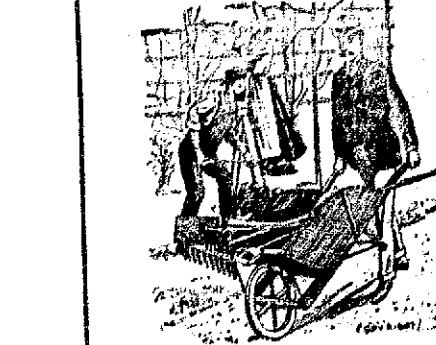

YOU HAVE NOTICED more and more of late years that the successful man was well appearing. The fact of the matter is that this is one of the prime reasons for his success.

His dress is correct to the smallest detail; whether it is fancy or odd or conservative it fits his personality and is characterized by the never failing asset of quality.

We have passed the point

of simply trying to fit your pocket book and your figure. We fit your personality as well and this goes a long ways towards making you successful. To say nothing of the superior values we give you for your money, as a business proposition you should determine the truth of this for yourself. We are ready to show you.

Signs of Spring

Are at hand now, when farmers and amateur gardeners, as well as professional ones, will need many tools for their work. You can find a superior stock of farm and garden implements and tools, from a pruning knife, spade, hoe, rake, trowel to a wheelbarrow, at prices lower than the quality of goods were ever sold at before.

Speedy Relief from Kidney Trouble
"I had an acute attack of Bright's
disease with inflammation of the kidneys and bladder, and dizziness," says
Mrs Cora Thorp, Jackson, Mich. "A
bottle of Foley's Kidney Remedy
overcame the attack, reduced the in-
flammation, took away the pain, and
made the bladder action normal. I
wish everyone could know of this
wonderful remedy." Sold by N H
McCallum. 3-1

Talk on Good Guano By
People Who Use Do-
than Guano Co.
Goods.

Cottonwood, Ala., Route 2
February 14, 1911

Mr E R Malone, President,
Dothan, Ala.
Dear Sir—As you know, I have
used your fertilizers for a good
many years. Last year I quit, but I
am going to buy your guano. I
could easily see the difference be-
tween your goods and others.

Yours truly,
J. R. Deal

Crosby, Ala., Jan 12, 1911
The Dothan Guano Company,
Dothan, Ala.

Gentlemen—I cultivated last
year two acres of land and gathered
130 bushels of corn from
same. I used three sacks of
Grange Mixture on these two
acres and no other fertilizer. I
regard this brand well suited to
the land of this section.

Yours truly,
Z. Williams

Dothan Ala., R. F. D No 2
Feb. 14, 1911

Mr E R Malone, Pres.
Dothan Guano Co.,
Dothan, Ala.

Dear Sir—
I have used a good deal of Grange
Mixture. I used it entirely except
last year, and I like it and it suits
my land better than any other brand.
The tenants all prefer it, all that have
ever worked with me.

Yours truly,
J. G. Patterson

Dothan Ala., Feb 14 1911

Mr E R Malone, Pres.
Dothan Guano Co.,
Dothan Ala.

Gentlemen
The Malone Guano Co. has given
me better results take it as a general
thing, one year with another, since
I have moved into this section, than
any other fertilizer I have used. I
especially like the Grange Mixture

W. B. Boyd

February 14, 1911

Mr E R Malone, President,
Dothan Guano Co., Dothan, Ala.
Dear Sir—Grange Mixture suits my
land better than any brand of fertilizer
that I ever used.

Yours truly,
D. P. Outlaw

Dothan, Ala., R. F. D No 4

January 30, 1911

Mr E R Malone, President,
Dothan Guano Co., Dothan, Ala.
Dear Sir—I got good results from
your fertilizers. Am going to use
them again this year.

W. T. Cannon

Madrid, Ala., February 13, 1911

Mr E. R. Malone, President,
Dothan Guano Company,
Dothan, Ala.

Dear Sir—
I have been using Grange Mixture
ever since you have been making it.
I quit a year or two but went back to it.
Last year I put nine bags on five
acres and got 2070 lbs. lint cotton
off of that five acres. I put seven
sacks of Grange Mixture on six acres
of corn and I got forty-five bushels
to the acre.

Yours truly,
J. W. Durham

Dothan Guano Co., Dothan, Ala.

Dear Sir—I have used your guano
nearly every year since you have mixed
guano. I am well pleased. I
made on two acres last year with your
guano 3,336 pounds of seed cotton

J. T. Bradshaw.

'BE CAREFUL'

Are your shoulders high or low? Are they broad or narrow, square, or rounded, or sloping? Which one is higher? Are your shoulder-blades flat or prominent? How long is your neck? How full is your chest? How muscular are your arms and legs?

How can a man expect to have clothes really fit him all over unless they are made for him? We'll make your suit fit you.

We also do first-class alterations cleaning and pressing.
